# You're Offline

PAM can still help with some features while offline.

Connection Status

Status:Offline

Available Offline

View cached baby tracking data
Browse previous analytics insights
Log activities (will sync when online)
View cached checklist items
Limited AI chat (cached responses only)
Real-time sync unavailable

| Check Connection | Continue Offline |

💡 **Offline Tips**

- Your activities will sync automatically when reconnected

- Cached data helps you track even without internet

- Critical health information is always available offline

- Emergency contacts work without internet connection

🚨 Emergency

For medical emergencies, always call emergency services directly:

| Call 000 (Emergency) | Call 13 HEALTH (13 43 25 84) |
